

Info and Misc. Stuff Update: December 2000

With Christmas fast approaching and the New Year right behind, the month of December is hectic and time consuming for all of us, not to mention money consuming. So take a few minutes out of your busy schedule, relax with your fellow members and attend the last regular club meeting for 2000.

As usual, the meeting will be held at EERO VW, on December 12, starting at 6:30.

The latest scoop on the Rondy Race and the Ice Race Season will be available, so don't miss out.

FOR SALE

For any want-to-be racer, Kurt Braun's RX 7 GTO car is still for sale. It's one fast car at a good price, so if anyone is looking to get started racing, I'd contact Kurt at akbraun@alaska.net.

HELP!!! PLEASE!!! HELP!!!

I desperately want to race the 2001 summer races, but the only way I can, is to sell my dirt bike. So if any of you members know of someone who would be interested in a "perfect" dirt bike, please let me know.

It's a 1996 KTM 360 MXC with every imaginable option made. Truth is, I have so many extras for this bike even I have to go take an inventory. The bike has not been ridden for over 2 years, and it's a real fast bike.

Please call 243-8607, or email to superdave9@gci.net.

Ice racing Update

The Ice Racing Committee has stated "we are racing." So we all best get working on those cars ASAP, because a mandatory tech inspection will be held on Saturday, December 16, at EERO VW. Please have your cars there between 11 am and 1 pm.

The 2001 Ice Race flyer is out, thanks to Tim Kirk and "LJ" Conger; for those of you who don't have a copy yet, they will be available at the tech.

The first race will be held on January 6 (Saturday) at Lake Lucille, in beautiful downtown Wasilla. Registration begins at 10:30; practice starts at 11:15; first race begins at 12:00 noon sharp. Please plan to be at the track early, as the daylight is quite limited at that time of the year.

It's a short drive from Los Anchorage, and accommodations are plentiful, so come on out and have some fun.

Mucas' nightmares become worse! Brain scan reveals nada!

Rondy Update

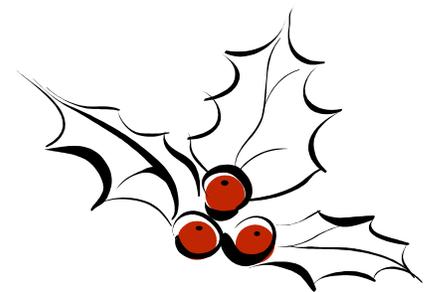

It looks as if the 2001 Rondy race will be bigger and better than ever. Numerous types of race cars have voiced an interest in participating in next years event. In addition to the sports cars, stock cars, and Legend cars, that have raced in the past, the race trucks will be testing the consistency of the snow berms.

Rumor has it the railroad tracks will be paved. I'm taking bets on that one, so far the odds are 75 to 1 they'll not be smoothed over.

A guest driver has been contacted and agreed to compete. This is a big name driver, but his name is being kept secret until the December meeting.

As usual, there are openings for workers in a variety of positions. Why not volunteer to work on the race; it's a blast and you might even get an autograph from a local hero. There should be at least one there, they might even be racing!

Merry Christmas

Happy New Years

Fast Times
